## MUCH MORE FUN ON A DOVE & PIGEON HUNT!

Doves & Pigeons have different ways of flying and behavior patterns, thus you'll find more variety and challenge on your hunting trip.

Hot barrel dove shooting jointly with passing pigeons and "English style" pigeons over decoys, offer you much more diversity and fun. Hunting over two species will make you enjoy a much more complete experience.

*The local population of doves and pigeons burst as a result of the combination of some factors:*

- \* Our lodge is located on a new agricultural frontier in Argentina, the number of new fields in this area has increased significantly adding year after year tons of cereals for birds.
- \* Combined with an ideal annual temperature range and a big roost around make these species reproduce during 10 months a year, resulting in an explosion of both Dove & Pigeons!

“ TO HUNT ENGLISH STYLE PIGEONS OVER DECOYS  
IS A MUST TO DO AT LEAST ONCE IN YOUR LIFE! ”
